

## Terms and Conditions IMED:

All our suppliers are subject to the following terms and conditions (as applicable) for your organization, these terms are aligned with AS9100:2016. You will need to have:

1. External process suppliers must comply with the following characteristics: a. Have calibrated equipment to ensure the measurement of parts. b. Have a quality certificate for coating processes in general. c. Have a basic process quality management system to ensure process traceability. d. In mass-produced parts processes, the first piece must be released and validated for dimensions, processes, tools, and personnel capacity.
2. Calibration instrument process suppliers must be certified and present their accreditation as a certified company for said process.
3. All raw material and unique parts suppliers, whether electronic or special, must present a quality certificate or original part proof to guarantee the quality of the purchased goods.
4. Notify the organization in case of any changes in a process involving any of the parts, and it must be approved by the organization to guarantee the quality of the final product.
5. Retain company information for a period of 10 years for future clarifications or projects.
6. Use suppliers authorized by the organization or by the client if applicable.
7. Contribution to product safety.
8. Establish ethical behavior.
9. Provide samples if necessary for auditing or destructive testing for material analysis.

10. Right of access for the organization, its client, and regulatory authorities to applicable areas of facilities and applicable documented information, at any level of the supply chain.
11. All Products and Services and related documentation shall be subject to inspection (e.g., right of access) and testing at all reasonable times and places by the Buyer and its customers before, during, and after execution and delivery.
12. Changes: The Buyer shall have the right, upon notifying the Seller, to suspend or periodically make changes to the Products or Services or to change the delivery date.
